Advent is a time for repentance and what does that mean? Recognizing that you are wrong! Not only in relation to the Lord, but also with other people whom you think you are justified in being angry with. This is the reality and it requires you to look at yourself and your own sins and this can be quite helpful in not judging the other and for you to become a bit humble. It is also somewhat painful but with the grace of the Lord in this time of Advent, you can get to know yourself and this is the best way to prepare for Christ second coming and also for His first., which is Christmas.

This is why the Church gives you today's Gospel where John the Baptist appears calling everyone to repentance. He was the original "fire and brimstone" preacher and now is one of the greatest saints. Through his intercession let us ask the grace of a truly repentant heart because you cannot face yourself without it. Grace means a gift from God and this time of advent is just that: a time to ask the Lord for His graces. Secondly, John the Baptist is particularly hard on the Pharisees and Scribes who present themselves for baptism because they prided themselves on their own righteousness. They were 'self-righteous'. That is why John tells them to produce fruit in keeping with repentance not to presume on the fact that they are descendants of Abraham. For you this means not to presume on the fact that you go to church regularly and don't commit to many mortal sins because the worst sins are most often in the heart. Externally you may seem a good person but if you harbor resentment and judgments then you are in need of repentance and need the grace to ask forgiveness not only of God but of those people you have problems with.

Through the intercession of St. John let us all ask for the grace of a truly repentant heart and also to produce the fruit that entails.

4 December, 2025

As we enter this beautiful season of expectation, Holy Family Academy joyfully began our Advent Novena to prepare our hearts for Christmas. The school has been filled with the sound of children praying, singing, and sharing in the laughter and joy that make this time of year so special. Their excitement has truly brought Advent to life in our community.

Alongside these spiritual celebrations, students have been diligently reviewing for final exams scheduled for next week. We are proud of their focus and commitment as they balance study with the blessings of the season.

We also look forward to celebrating Family Day this Saturday, a cherished opportunity for parents, staff, and students to come together. This day reminds us of the importance of communion and highlights the family as the heart of our mission and community.
